## Knowledge

The Anglo Saxons were a group of people who settled in England after the Romans.

They wanted to settle in England because of the climate, good farming land and trading routes.

Anglo Saxon villages were small and built with natural resources (what they could find).

Monks travelled to Anglo-Saxon villages to teach about Christianity.

Sutton Hoo is where an impression of a Saxon burial ship was buried and many artefacts have been discovered.

## Skills

Order significant events and dates on a timeline.

Describe how historical events studied affect/influence life today.

Use evidence to describe what was important to people from the past.

Choose reliable sources of evidence to answer questions, realising that there is often not a single answer to historical questions.
